### ED 30 Log Entry:

Ofcr Mooney FBL5 responded to the scene at the intersection of Hollywood and Bronson and observed an ADW in progress. Ofcr Mooney broadcasted his observations and requested/guided responding units to the scene. The possible victim of the ADW voluntarily entered Ofcr Mooney's vehicle to identify the possible suspects of the ADW. Ofcr Mooney and the victim drove westbound on Hollywood Blvd and observed two possible suspects walking westbound on the north curb and a third possible suspect continuing westbound on Hollywood Blvd.

FB 2 with Ofcrs Sewell and Watkins responded to FBL5's location and took the 2 possible suspects (S#1: Fairweather, Justin DOB: 12-02-91 and S#2: Bojorquez, Christina DOB: 1-27-93) into custody without incident based on the victim's identification from the vehicle. Mooney continued following the third possible suspect who fled to the 24Hour Fitness

Center located at El Centro Blvd. At this time Mooney was joined by FB2 Ofcr Trujillo and Shamoyan. The victim pointed at a male subject and stated that was him, officers conducted a consensual detention. Victim then stated that the person did not actually hit him. Based on his statement officers broke contact. The victim began shouting obscenities at the officers and began shouting that he did not want to make an arrest/sign PPA and he wanted to leave. Victim appeared to be 5150 and began rambling incoherently. Ofcr Mooney was able to convince the possible victim to re-enter the vehicle based on the fact we had 2 suspects in custody based on his identification and statements. Mooney responded back to FB 2's location (6033 Hollywood Bl).

At this time, the victim stated he did not want anything to do with the arrest and began walking eastbound on Hollywood Blvd. My partner Ofcr Anderson attempted to convince him to file charges but met with negative results. Victim continued eastbound as Ofcr Trujillo and Shamoyan followed him in their vehicle to also convince him to file charges. Victim refused. LAPD was called by passing citizens and unit 6A79 with Ofcr Nelson and Ofcr Ho responded to the location and took custody of our suspects. The 2 suspects were checked for wants and warrants by the LAPD officers.

Suspect#2 Bojorquez suffered a ½ inch laceration to her left hand when she disarmed the victim of his knife. LAFD Engine 82 was called to the scene and treated Boroquez for her laceration at the location. LAPD officers questioned and released the 2 possible suspects due to victim refusing to cooperate and suspects were acting in self-defense.

**Additional:** A passing citizen (McMahon, Eamon DOB: 08-14-89 CAL# F4807917 Tel: (503) 679-2006) stopped to advise me of his observations and stated the following: He was driving westbound on Hollywood when he observed the 2 suspects we had in our custody punch and kick the victim who was in a red shirt in the middle of the street. The citizen in fear for the victim's safety called 911.

1415/1430 **De-brief:** Met with all units to de-brief and discuss any training issues or ways to improve the incident. All officers were receptive to the briefing.
